Theological Department.

ADMISSION.

This Department is open to pious young men of all denominations. Candidates for admission must produce good evidence that they are members in good and regular standing in some Evangelical Church; that they possess competent talent; and that they have regularly graduated at some College or University, or that in some other way they have received an equivalent for the training of a College Course. Applicants for admission to an advanced standing must present a dismissal from some other Theological Seminary, or be prepared for examination on subjects which have been passed by the class which they desire to enter.

In exceptional cases, promising young men who have not had the benefit of a full College Course will be received, and will be allowed to pursue an Eclectic Course.

The practical work of the ministry is joined with study, as the theological students have opportunities of laboring as catechists in the neighboring churches during vacation and term time.

The regular course of study covers three full years.

Candidates for admission to the Freshman Class are examined in the studies prescribed in our Preparatory Course, or their equivalent, in case of those coming from other schools. For advanced standing, the candidate, in addition to the preparatory studies, will be examined in those previously studied by the class he wishes to enter, or others equivalent to them.

Throughout the College Course there is a weekly recitation in the Bible, either English or Greek ; also, throughout the course, exercises in English Composition and Declamation.

Preparatory Department.

The Preparatory Department aims to prepare the student thoroughly for the studies of either course of the College Department. For the present, the Elementary English Course is a necessity, as the large majority of students coming to us have not had opportunity to ground themselves in the common English branches. Upon completing the studies of this course, the student is prepared to teach common school. He is also ready to enter upon either of the two higher courses of the Department—the Classical Course or three years, or the Scientific of two years.

The new College Building (see frontispiece), completed at a cost of \$40,000., is 98x67 feet, three stories high, with an annex for chapel 66x45 feet. It is of brick, and contains twelve recitation rooms, each 34x24 feet, two society halls, and an audience room capable of seating six hundred persons.

The old College Building has been refitted and enlarged, and is devoted to the purposes of the Boarding Department. It is now known as Logan Hall. It will be opened one week previous to the beginning of the Fall Term, and will close one week after commencement.

SCHOOL YEAR.

The *School Year* consists of one session of three terms, commencing on the first Wednesday of October, and closing on the first Wednesday of June. Students wishing to enter should make early application.

The best interests of the institution and of the student personally, require that he report himself for duty promptly at the opening of each session.

TUITION.

There is no charge for tuition.

BOARDING DEPARTMENT.

A *Boarding House*, modeled on the idea of a Christian home has been established for the accommodation of students from abroad.

Board, including furnished rooms, light and fuel, is \$8.00 per calendar month, *payable two months in advance*. Boarders are

not received for less than one month, and no deduction can be made for absence, unless ordered by the Faculty.

All the students meet by divisions on Friday afternoons for exercises in declamation and composition, under supervision of professors.

Two *Literary Societies* are in successful operation: The Mattoon and the Clariosophic.

LIBRARY AND READING ROOM.

A large airy room on the first floor has been set apart as a Library and Reading Room. It will be open daily, and accessible to all. Here will be found a *Library* of about 3,000 volumes, and files of some of the leading newspapers and magazines.

COLLEGE Y. M. C. A.

A College Branch of the Y. M. C. A. is in operation, with a membership of over 100. It is earnestly desired that all identify themselves with this noble work.

PECUNIARY AID.

Candidates for the ministry, and young men of promise, will receive such aid as their necessities and the resources at command will allow. Friends in Scotland have established a fund of over \$6,000, the interest of which is to be used for preparing young men for mission work in Africa.

LOCATION AND DESIGN IN THE ESTABLISHMENT OF THE INSTITUTION.

The University is located at Charlotte, N. C., and receives its name in memory of the late Maj. Henry J. Biddle, of Philadelphia, whose widow, Mrs. Mary D. Biddle, has been one of its first and most liberal supporters. It is chartered by the Legislature of the State, and under the auspices of the *Presbyterian Board of Missions for Freedmen*.

The *object* of the institution is the education of colored teachers and preachers.

It stands at the terminus of six railroads, in the midst of a dense and comparatively intelligent colored population, occupying a commanding site of 50 acres in the suburbs of the city.

It is situated in the very heart of the Synod of Atlantic, which embraces the whole South Atlantic States, having 168 colored churches, 90 ministers, 74 young men of color in preparation for the ministry, with a large number of schools and academies under its care. These schools and churches must be furnished with intelligent Christian teachers, who must be largely educated on

the field and in contact with the people among whom they are to labor. Such a training is less expensive than if had elsewhere; it gives the student the best opportunities for a liberal education, and affords him the refining influence of a Christian home, keeping him at the same time in contact and sympathy with his people.

WANTS OF THE INSTITUTION.

1st. In the language of the Secretary of the *Freedmen's Board*: "Permanent Endowment Funds for the adequate support of the Professors, is an *imperative necessity*." \$5,000 has been secured for the endowment of the President's Chair.

2d. *Scholarships*. The establishment of \$100 Scholarships, to enable needy and promising students in the higher departments to pursue their studies, *continuously*, through the College Year. In addition to this, a few hundred dollars to be placed in the hands of the Faculty, to be used at its discretion, in aiding needy and worthy students, is a great *desideratum*.

3d. Donations of Clothing, for distribution among needy students, are earnestly solicited.

4th. Useful *Books* for the library are much needed. Works of reference, biography, history and science are particularly desired. A *Library Fund* is much needed, that there may be purchases made from time to time of new and valuable books. For a "working" library, such a fund in the hands of the Librarians is an *imperative want*.

CONCLUSION.

No Institution under the care of the Presbyterian Church has a wider field or greater opportunities. Its students are gathered from all the South Atlantic States, and are scattered in their school and church work through all this vast region, and as far West as Texas.

The institution is consecrated to the glory of God and the welfare of a needy race. It stands as the only representative of its kind in the South, of our Presbyterian Church; and it certainly is one of the most important agencies in the hands of the Church for the accomplishment of good among the six millions of Freed-

men in the South. It commends itself to the prayers and gifts of all good men.

Contributions to any of the objects above named may be sent to the Treasurer of the Board of Trustees.

REV. S. MATTOON, D. D., *Chairman of Faculty.*
